Subject: Re: Proposed cancelling of 9/11/18 Chesapeake Bay Manager's call

Yes on the federal agency meeting Cosmo committed at the PSC in July to hold a separate EPA meeting with the federal agencies on phase 3 implementation. Working with the FOD we have put together a draft agenda this week which I plan to share with you guys next week. And then at our next biweekly on September 18.

Thanks Jim

Thanks, milestone guide is already on for 10/2. I will try to accelerate if possible but I need to meet with workgroup. Next on my to-do.

I'll add the federal meeting. I assume this isn't a FOD meeting but something else.

Thanks Diane. I'm OK with canceling next week's meeting. But I have two topping guesses I'd like to add for future meetings. One is the new milestones guide. The other is the meeting with federal agencies on phase 3 WIPS that were proposing for November.

Thanks Jim

I don't have any time-critical issues for the call next week. Please let me know if there are topics you want to discuss. Otherwise, I'll cancel the call.

I've include proposed topics for upcoming calls—please let me know if there are items you want to discuss that aren't on the list.

Thanks.
